Education

East Carolina University, Greenville, NC

May 2026

Bachelor of Science in Information & Cybersecurity Technology
Concentration in Cybersecurity, Minor in Business Administration

Professional Experience

Customer Support Representative, IXL Learning (via Hays), Morrisville, NC June 2026 - Present

- Triage 70+ customer account cases daily in Salesforce, accurately categorizing and routing issues to appropriate Account Specialists to support timely resolution

Computer Refresh Technician I, East Carolina University, Greenville, NC Feb. 2024 - May 2026

- Managed 95+ service tickets in TeamDynamix, documenting resolutions and providing timely technical support to East Carolina University faculty
- Imaged, configured, and deployed Windows 10/11 and macOS devices, joining systems to the Active Directory domain, and provisioning role-specific software and applications
- Troubleshoot hardware, software, device configuration, and application issues, while managing Active Directory user accounts and security group memberships

Security Consulting Engineer Intern, Cisco Systems Inc., Morrisville, NC May 2025 - Aug. 2025

- Developed and optimized a reusable Artificial Intelligence (AI) prompt template for Cisco CIRCUIT AI, enabling large-scale data analysis and actionable insights that improved policy accuracy and compliance
- Tested and compared the AI prompt template against *GPT 4.5*, *Gemini 2.5 Flash-Lite*, and *Gemini 2.5 Pro* models
- Automated profiling policy analysis for 100+ client policies using the GPT 4.5 model inside Cisco CIRCUIT AI, reducing manual review and documentation time by 87-95%
- Delivered NAC recommendations to enterprise clients, advising on optimal 802.1X authentication protocols for Cisco ISE (Identity Services Engine) deployments
